

## INNOVATION IS OUR PASSION

Securecell is the trusted partner for biopharma, enabling them to bring new therapies to patients in a safe, efficient, and economical way. We innovate ground-breaking measuring and control engineering technologies to radically improve bioprocessing, medical treatment, and patient health. For more than 25 years, we have been delivering innovative solutions in bioprocess control for biotech, pharma, and academia. This expertise and experience provided the fundament for the technology transfer into the MedTech space and the development of Seraccess, a truly disruptive diabetes therapy. Continuing steadily on our sustainable innovation path and growth journey, we are looking for talented

## PRODUCT DEVELOPMENT INTERN

### for MedTech

You will be supporting and in most cases driving the definition, design and realization of tests and test equipment to quantify performance and to further develop our technology towards Proof of Concept. You will be fully responsible for the definition of the respective test protocols as well as the execution of the tests. Furthermore you are expected to critically analyze, present and discuss the results.

- Degree in engineering, applied physics or equivalent experience and expertise
- Good understanding of relevant statistics
- Hands-on experience with functional tests with good organization and prioritization skills
- Experience with small scale fluidics is a big plus
- Strong English and German language skills to collaborate in our international work environment
- Positive and goal oriented mindset, reliable and honest personality
- Education or experience in product development methodology is a plus
- A valid work permit

## OUR OFFER

Securecell offers a highly diverse international working environment and the opportunity to collaborate with highly skilled individuals from various disciplines. Partnership and interdisciplinary collaboration are at the core of our company, our research activities, and the commercialization of our marketed products. We nurture true innovation and creative thinking to advance our research projects as well as to continuously improve our marketed products. At Securecell, you will discover a challenging job, inspiring colleagues, and a true purpose. We are looking forward to hearing from you!
